Profile

Hi there 🙌! I'm Roy, React Creative Developer; nice to meet you! 🙌

- I have a strong background in frontend development and a passion for creating engaging VFX visual experiences. My main stacks: Blender, React, R3F, Threejs;

- I have experience developing, maintaining dynamic and responsive webapps using React and Blender. I also have experience in collaborating with design teams to create engaging UIs that 'Pop!'. I'm always looking for ways to improve the performance and UX of the apps I work on.

- In my free time, I enjoy integrating new techs into my stack, and staying at the cutting edge of the frontend and VFX industry. I am passionate about continuing to learn and grow as a React VFX Creative Dev, my dream is to create a full featured 'out of this world' VFX film one day.
